

Responsible Visitor Charter: Things you can do to help to help us reduce our impact on the environment.

- **Respect Nature** –help us to look after the landscape and wildlife by not littering, guarding against fire and using the footpaths and cycle-ways responsibly.
- **Conserve Energy** –Reduce energy by switching off lights and closing the windows if the heat is on, when leaving the room. The Energy Saving Trust has lots of information on saving energy at home on www.energysavingtrust.org.uk
- **Be water wise** –Please use water wisely, turn off the tap when brushing your teeth, only fill the kettle for the amount you require and adhere to towel policies in the bedrooms. To save water at home click on www.waterwise.org.uk
- **Give the car a rest** –avoid the car if only for a day. There are plenty of walks, bikes trails, parks, and public transport close to the hotel, ask at reception for details.
- **Reduce, reuse, recycle**–Reuse that extra plastic bag, please use our recycling area in our Health and Fitness club. Recycling aluminium cans will provide employment for adults with learning disabilities. For ideas on recycling click on www.recyclenow.com
- **Local products** – please help support the local economy by visiting our local shops and markets, where there are a lot of fresh products on offer.
- **Support green tourism** by visiting the local museum. Walk along the Derry walls and along the River Foyle, hire a bike, there are plenty of ideas in our green folder at reception. For a list of Hotels who support Green Tourism click on www.green-business.co.uk
